Date 15-05-2019

To whomsoever it may concern

Sub: "Letter of Appreciation"

Thank you for the time and dedication given by all of you to conduct the Unity 3D and Autodesk Maya workshop. The willingness to keep up with the college work along with the capability to manage and conduct a workshop was commendable. You all have done a good task to share your knowledge along with your peers and help them learn new skills related to the Unity and Maya software, this might really help them in the future when they go out in the real world and start applying for jobs, this was a very noble cause and you will be blessed along the way in the future.

Again a thanks to all of the below mentioned students to tide through any problems faced while organising the workshop and still be able to conduct it efficiently:
